Open accounts are payable on or before the 10th of the month following date of delivery. Overdue accounts are subject to interest charge at a legal rate. No discount will be allowed as it is our policy to maintain attractive prices consistent with high quality stock. The issuance of this catalog automatically cancels all previous quotations. It is understood that all orders accepted are subject to availability of stock at the time of delivery.

DELIVERY—Free delivery in the Los Angeles Metropolitan area, San Bernardino, Riverside, San Diego and Santa Barbara. We do not pay transportation charges on shipments not covered by our free delivery service. PACKING—On orders not delivered to our free delivery zone, less than car load or truck load lots, a charge for packing material will be made at cost. No charge is made for packing the 2¼" pot size plants.

CLAIMS—Claims must be made immediately upon receipt of goods. If an error has been made by us, please notify us promptly, and we shall take pleasure in adjusting the matter. We do not guarantee plants to live. At no time will we be responsible for more than the purchase price of the stock ordered.

However, our responsibility ceases upon delivery of stock in good condition to the transportation company. Claims for damage or delay in transit should be filed with the transportation company. In this connection we shall be glad to assist you in any way we can.

WE ARE A PINK TICKET NURSERY—It certifies that stock from which shipment is made has been found free of pests not of general distribution in Los Angeles County and is released for planting in said county without further inspection.

While every effort is made to produce the highest quality nursery stock, free of harmful pests, we cannot guarantee clearance at point of destination. It is therefore to be understood by the buyer that Monrovia Nursery Company can not be held responsible for the cost of rejected shipments or the transportation charges.

ACKNOWLEDGEMENT—Your orders will be acknowledged promptly and shipments made as quickly as possible, so if your order is not acknowledged please advise us immediately. Sometimes, because of inclement weather, or the press of business, there may be a slight delay in shipping, but we assure you that this will not be more than is absolutely necessary.

NON-WARRANTY—The Monrovia Nursery Company will exercise care to have all plants true to name. Nevertheless, it is understood that should any plant prove otherwise, we shall not be liable for any sum greater than that paid for such plants as may prove untrue. If the purchaser does not accept the goods on these terms, they are to be returned at once.
